Maud Bélanger

Works with Pierre Brassard in Montréal.

Its quite possible that some, or even many, or the reviews listed under Brassard are for Bélanger. People often don't make clear who they see at this clinic.

It's widely known that Mia Fever had surgery with Brassard, but I'm not sure where that comes from. I've heard credible information that she actually went to a different surgeon. Also, her scarring does not appear typical of Brassard.
